

# SANGAM REGMI

240 Wellesley St E, Toronto, ON | 437-808-9829 | rijalsangam129@gmail.com

## OBJECTIVE

Aspiring frontend developer seeking a part-time or full-time role to apply React.js, JavaScript, and UI development skills in a dynamic and collaborative environment.

## SKILLS

Frontend: HTML, CSS, JavaScript, React.js

Backend: Python, SQL

Tools: Excel, Git, VS Code

## EDUCATION

**Computer Programming | Niagara College, Toronto, ON**

Graduated: April 2025 (grade – 76%)

XII (Computer Science) | Gyankunj College, Kathmandu, Nepal — 2022 (Grade: B+)

## PROJECTS

- ❖ TaskBoard | To-Do List (React.js, SQL)
  - Built a task management app using React.js with features like task creation, deletion, and status update
  - Used local storage for data persistence.
  - Designed responsive UI for better user experience.
- ❖ Sky Cast | Weather App (React.js, API Integration)
  - Developed a weather app using React.js and OpenWeatherMap API
  - Implemented real-time weather data fetching with dynamic UI changes.
  - Included location-based search functionality.
- ❖ Data Visualization Dashboard (Excel, Python, SQL)
  - Created a dashboard to analyze trends using SQL for data extraction, Python for processing, and Excel for visualizations.
  - improved decision-making with insightful charts and reports.
- ❖ Stock Market Analysis (Python, Excel, SQL)
  - Analyzed stock trends using data from SQL and Python's Pandas.
  - Visualized performance with Matplotlib and Excel.
  - Delivered insights for investment decisions.
